- Traveling
- Personal development

OLIWIER ZGÓRNIAK 22 y.

As a computer science and design student studying abroad I have gained valuable cross-cultural communication skills and have developed a strong foundation in both coding and UX/UI design. I am highly skilled at creating functional, user-friendly websites. I thrive in team environments and am also adept at independent problem-solving and taking initiative.

Experience

ESC S.A. Intern

January 2020 - February 2020

<https://www.escsa.pl/en>

The company specializes in providing and maintaining certified **fiscal devices** for businesses. While here, I gained insight into **business operations** and was introduced to technical aspects of the industry.

Education

Howest Digital Design and Development

2023 - Now

<https://www.devine.be/en/>

A **Belgian university** based in the city of Kortrijk. The program is specifically designed to launch careers in **UI/UX design** and **web development**. A highly **practical learning** methodology is emphasized. Students apply their skills twice a year by completing a **comprehensive website project**, requiring them to handle the entire creation process.

Zespół Szkół Łączności IT Technician

2018 - 2023

<https://tl.krakow.pl/>

Regarded as one of Poland's **premier technical schools**, this institution prepares students to secure the title of **IT Technician**. A firm foundation is imparted across key technical disciplines, including **programming**, computer networks, computer hardware, and system administration.

Volunteering

Krakowskie Hospicjum dla Dzieci im. ks. Józefa Tischnera

<https://www.hospicjuntischnera.org/>

The Hospice offers essential **home-based palliative care** (medical, psychological, and rehabilitative support) for terminally ill children. My role was focused on contributing to a **fundraising campaign** and **providing direct care** to one of the patients.
